## Questions

**How long does a Merrymeade Birthday Party/Event run?** Your reservation Time is 4 hours long. You can notify your guests of a timeframe that suites your personal preference, as long as it is within the window of your scheduled party time. Typically hosts will know before arrival how they want to organize their time. Having a gameplan for your guests helps you and them have a great time here at Merrymeade. **We find that once your group is together it is best to keep them in the party area for food & cake first**, trying to corral a large group back again for a set time can be tricky. You are free to use the tickets for activities when you see fit. It is a good idea to give guests a timeframe to comeback to the party area for either more fellowship or clean- up.

**Is there any limit to the amount of people I can invite?** Yes, we ask that the maximum number of guests at your party is 65 people. If you are booking more than 65 People, please inquire about booking 2 of our party areas, they are next to each other, but you will have more tables and benches for seating.

**Does Merrymeade host or supply my party with paper products?** A Merrymeade Employee will be going in between the 4 party areas to make sure you are set-up, have your tickets, and monitoring the private area. You are your own host and must decide what you will do during your time at the farm. *Bringing paper products is the hosts responsibility. This includes cutlery , napkins, cups, and plates.*

**What about decorations?** Decorations are allowed, balloons, banners, etc. Please be mindful of setup and breakdown, that the more involved the decorations, the more time you will need before guests arrive and enough time to be back at your area to clean up. You can bring table coverings specific to your theme. We have a reserved parking spot for the party host to help with the unloading and re-loading for setup and breakdown.

**When must I leave the tent area?** Please do not enter the party area before your scheduled time and you **must** leave the party area when your timeslot has ended for us to clean/sanitize and set up for the next party.

**What happens in the case of inclement weather?** It has to **really downpour** for us to cancel the Harvest Day Activities. If it is only drizzling, we will still hold Harvest Days. However, we will not make a decision until the morning of the event. **\*\* If you decide to cancel due unrelated weather issues, there is no refund of deposit.\*\* But if weather is definite and we approve that we are cancelling activities, you will be refunded for your deposit.**

**COVID:** We want to keep you and our staff safe. Please do not come to the farm if you or any of your guests are displaying symptoms related to COVID-19. Please ask your guests that if they have come in contact with someone who has had recent symptoms to not attend the party. When doing ticketed activities please anticipate that there are larger weekend crowds with the public. We have 2 hand washing stations onsite along with hand sanitizer dispensers around the farm. Please wash your hands to stop the spread of germs. 😊 Social Distancing will not be enforced as we have higher volume of people visiting in the Fall. Our farm is outdoors, we *do not require* mask/face coverings for our party guests or public crowd. If you or your guests do not feel comfortable with large crowds or not social distancing, please look to book your party with us in October 2022. We would love for you to visit with us then!
